

FOR IMMEDIATE RELEASE

Norcom Mortgage to Use Pavaso Platform for Electronic Mortgage Closings

Norcom will be the first Connecticut-based lender to offer paperless closings

Plano, TX, September xx, 2018 – [Pavaso](#), a leader in digital mortgage closing technology, is pleased to announce that Norcom Mortgage, the largest independent purchase mortgage lender in Connecticut, will use Pavaso's all-in-one digital mortgage closing platform, making Norcom the first Connecticut-based lender to offer electronic mortgage closings to its customers. The Pavaso Platform will be utilized through Norcom's new eClosing process, "Swift Sign".

"By maintaining a true, 100% digital loan process, our borrowers will see drastic improvements over the traditional paper mortgage process while Norcom's processes become more efficient," said Mike Dimech, senior vice president and operations manager at Norcom. "We look forward to growing our partnership with Pavaso while enhancing the customer experience for our borrowers."

Pavaso is the first end-to-end digital solution that simplifies the homebuying process for every stakeholder in a closing transaction. The Pavaso Platform is a complete, all-in-one digital mortgage closing solution with a full suite of products connecting all stakeholders in one unified place. It delivers everything needed to conduct seamless digital closings. Pavaso brings everyone into one portal for the transaction and provides an unmatched level of process management. The platform facilitates stakeholder collaboration, enabling for the creation of lasting relationships with consumers.

"The world is evolving technologically, and the mortgage industry needs to continuously work to avoid falling behind," said Mark McElroy, CEO of Pavaso. "With the ongoing upgrades and advancements Norcom is making, they will continue to be leaders, not just in Connecticut, but also in the mortgage industry as a whole. Pavaso is proud to work alongside them to help to facilitate their digital transformation."
